“Vaughn named TN Fisher House fundraising chair for six counties”

Retired Army Colonel Thomas B. Vaughn of McMinnville has been appointed to spearhead fundraising efforts in Warren, DeKalb, White, Van Buren, Grundy, and Coffee counties for construction of a TN Fisher House at the Alvin C. York VA Medical Center in Murfreesboro.

In announcing Vaughn’s appointment, TN Fisher House Foundation President Andrea [Andy] Lawrence of Nashville said “We’re honored to have Thomas join our fundraising team. He is a proven leader with a reputation for excellence. A combat veteran with over 30 years of service to our Army and our nation, he is an educator, radio personality, newspaper columnist, public speaker, and award-winning songwriter. He is also President & CEO of Bob White Music, Inc., a publishing company. I know he will bring his vast experience, expertise, and communicative skills to bear in the fundraising tasks he has so graciously agreed to take on.”

“I am truly honored that Andy has asked me to help out with this worthy cause”, said Vaughn. “I look forward to working with Andy and her team to raise the required funds to make the TN Fisher House dream a ringing reality. As a lifetime member of the American Legion and the VFW, I’ll do all I can to help get our veterans and their families get their ‘home away from home’ when they need it most.”

When completed, the TN Fisher House will fill a vital need for both active military and veterans’ families. The TN Fisher House will provide a warm and welcome respite for families who need its facilities when they visit their ailing loved ones. Tax deductible donations may be sent to the TN Fisher House Foundation, Inc., P.O Box 774, Brentwood, TN 37024.
